## Program Sept. 26, Monrovia

### Masonic Lodges Pause For Constitution Day

The Masonic lodges of Sierra Madre, Arcadia, Duarte and Monrovia will join in presenting a program in observance of Constitution Month, at the Monrovia High School auditorium, 845 W. Colorado Blvd., Monrovia 7:30 p.m. Wednesday, Sept. 26. This is in conformity with the statewide custom of recognizing our Federal Constitution as the foundation of our American Freedoms.

The public is invited to come and renew their ties of affection and loyalty.

The program will include an address on "Know Your Freedoms," by Wendell Noble, radio personality and director of publicity. Major Telfer of the Salvation Army will be an inspirational master of ceremonies. Sierra Madre Boy Scout Troop No. 373 will act as color guard.

The original Constitution was signed and submitted to the States for approval on September 17, 1787. The month from the middle of September is designated for the convenience of the many different lodges in arranging dates.

Each year, at this season, the Grand Lodge of Masons of California calls upon its nearly 600 lodges to give public observance of the founding of the American

## Lee Shippey Writes On Football

No matter who got the Emmy awards, I like Mr. Ed, the talking horse, much better than I do most of the heroes brought to us by television week after week — because the stories in which he figures are so much more believable than many of the mellerdrammers.

In fact, some of the extravagant exaggerations some writers of he-man stories ask us to accept as believable are almost as flimsy as some of the rumors some anonymous persons start for or against certain political candidates. Unfortunately, it's an old American custom for extreme partisans on both sides to try to create two images in any hot campaign, one of a shining knight "sans peur et sans reproche," who is their candidate, the other an abhorrent wolf in sheep's clothing, who is the candidate for the opposition. That was true in Washington's time and hasn't missed any hot election since. In my time I have met a few Presidents, Senators and Governors, and am convinced I never met one who wasn't honestly doing the best he could, according to his lights, to do a good job in the high position he held. I have often disagreed with some of them but never questioned their integrity. There is something so sobering and steady about the responsibilities of high office that a man can't help searching his soul and doing his best.

The supervisors of Santa Barbara County have adopted an ordinance requiring subdividers to put in guaranteed paving, sewers and other improvements for the protection of both buyers and the neighborhood. I think everyone who drives through Santa Barbara County admires it for the ways in which its natural

## Faith Lutherans To Dedicate

The erection of the new church sanctuary of Faith Lutheran Church, located on the southwest corner of Sierra Madre Blvd. and Hastings Ranch Drive, marks the completion of the second major building unit of the parish.

In introducing his description of the worship edifice, constructed in contemporary design, the pastor stated: "The Cross of Christ, the emblem of our redemption, is the predominant symbol on our church premise." He went on to elaborate:

"A gold-leafed cross tops the new structure. The contemporary figure over the entry displays The Triumphant Christ, with His Cross in the background. The exterior rear of the sanctuary features a cross illuminated at night through neon shadow lighting. The patio worship and fellowship center directs attention to an old wrought-iron cross. The parish hall also hosts the emblem. And entering the sanctuary, the worshiper's attention is drawn to the mounted cross above the altar."

Architect Culver Heaton of Pasadena, who designed the structure, has employed chippd-glass windows containing symbols which, from the front to the rear, briefly relate the life and work of the Lord. Hues of beige and green predominate in the interior.

The nave of the worship unit seats 285, and the choral balcony 30. Unable to be delivered for the dedication date is the custom-built Wicks Pipe Organ, which will be located in the balcony.

Daniel Bros. Construction Co. of Altadena served as the contractors.

Residents of the community are invited to all dedication services next Sunday, according to Mr. Donald Frokjer, Chairman of the Dedication Planning Committee. Those attending the services of their respective churches are invited to make an informal stop-in from 1 to 2:15 on Sunday afternoon.

## Nuetzel Tentative Map On Tract 27459 Set For Review

### Adjourned Meeting Seems Evident To Complete All Items On The Agenda

The Sierra Madre Planning Commission will meet this Thursday evening, Sept. 20 at the hour of eight o'clock, on what appears to be a fairly simple agenda, but a little study will disclose that plenty of "meat" is embedded in the various items to be presented.

#### Hearings

On the agenda to be heard are three Public Hearings: 1. The Sierra Madre Community Hospital for a Conditional Use Permit to extend existing hospital facilities 2. Hillard, variance to reduce rear yard in connection with the creation of two parcels at 585 Manzanita Ave. 3. The application of zoning to four parcels R-1-9000; Star Nursery, 547 Fairview, Stringfellow, 497 W. Grand View; Jameson, 481 W. Highland and Kraft at 448 W. Highland.

#### Old Business

Old business will include the review of revised plan of Crestview Lodge, referred back to the Planning Commission by the City Council. Review of R-3 driveways recommended by the Council and a review of the Master Tree Plan.

Further study of the Mas-

ter Plan and the possibility of a Land Use 1 Map may be presented, together with several letters concerning Planning Commission business will be read and reviewed.

#### New Business

The tentative map of tract 27459 concerning Tract 27459, the Nuetzel property is ready for presentation to the Commission.

Other new business includes a request for review of previous Conditional Use Permit of the Bethany Church, letters and clarifica-

MARIA STELLA CAMARGO, A.F.S. Student at Anockia from Victoria, Brazil, is residing at the home of Dr. Benjamin Crue and family in Pasadena. Upon returning to Brazil at the end of her year's stay at Anockia, she hopes to enter the School of Languages, majoring in English.

Mrs. Scoville is the sister of Mrs. Leonard (Mary) Wammock of 258 E. Sierra Madre Blvd. Mrs. Wammock's niece, Mrs. Edwin (Shirley) Scoville, of S. Pasadena, spent Tuesday with her Aunt Mary. Both had a good family visit.

## Schwartz In Hospital

Tom Schwartz, co-owner of the Sierra Madre Hardware Co., underwent major surgery at St. Luke's Hospital, Pasadena, Monday morning, Sept. 17.

His many friends and associates will be glad to know Tom is recovering and will be happy to receive cards and messages by the end of this week.

## Hollywood Park Girds For Sulkie Races

With the opening of Western Harness' fall meeting of standardbred racing set for Friday, Oct. 5, horses are beginning to roll into the Hollywood Park barn area for the 35-day session.

The stable area opened Monday, Sept. 17, and the first equine arrivals were those belonging to lumberman Ed Schafer, including seasonal Lumber Dream, "horse of the meeting" at Santa Anita in 1961, winning four for four.

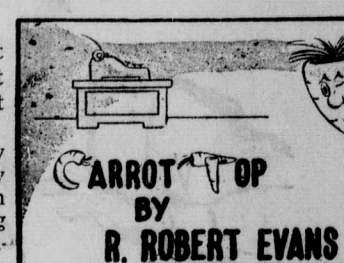

Harness fans will never forget the brilliant pacer's first start at the Arcadia track. On the break 100 yds. behind the gate and spotting his field 14 lengths Lumber Dream got back on stride to win in 2:04. In the third outing of his career (he did not race at 2) he won by fourteen lengths in 1:58 2/5.

Counting split meetings — spring and fall — Western Harness will be launching its 26th season on Oct. 5 with practically every top trotter and pacer in the U.S. competing for rich purses under the direction of the best drivers in the country. The stakes and purse program will total over \$800,000.

MR. AND MRS. KENNETH L. MOYER, 46 N. Mountain Trail, beaming over the appointment of Kenneth as regional chairman of the 24th, 25th and 29th Congressional District by Democrat Lt. Gov. Glen Anderson. Kenneth is past president of Altadena-Pasadena Young Democratic Club and Sierra Madre Democratic Club.

tions. It can easily be seen that it would be the wee hours of the morning before the Board could possibly wade through the tentative schedule.

An adjourned meeting is expected that the Commission may keep current with all requests.

Got a nice card from Carl Brand, and he almost beat it home. Anyway, the card read, from Qualicum Beach, B.C.: "A beautiful location! Manager here says he put a slit in his dog's tongue so it would have a crease in its bark."

Now who is kidding who, Carl. We know that the reason for this act was so the dog could bark out of both sides of his mouth at the same time. Don't let those British Columbians fool you like that.

Carl was also telling me another story — seems that he had stopped into a restaurant while touring the Provinces, and while so dining, experienced the following incident.

Seems that this young man, tired and hungry, having driven through a dreary and windy day, finally spotted this restaurant, and decided to stop for a not meal. When he drove up to the restaurant he was happy to hand over his new, expensive car to an attendant for parking.

About an hour later, according to Carl, rested and fed, the young man came out of the restaurant and could find neither the car nor the attendant.

Into the restaurant he rushed to ask for the attendant. But when he asked, the employees came back in chorus, "What attendant?"

This could be why Carl came home so soon, but Welcome! back, Carl, hope your beautiful garden survived your absence.

Incidentally, if you are noticing any marked difference in the news content of the Sierra Madre News these days, it can be blamed on, or I guess I should say, credited to Martha Sharp. She is back on the news desk again and doing a bang up job of rounding up all the chairmen for the complete news for the coming active year. Give her a call, she will be tickled to death to hear from you.

Candidates for the coming election are now making themselves known. I asked one the other day, "What did your audience do when you told them you had never paid a dollar for a vote?" "A few of them cheered, but most of them got up and left."

Talking in the category of money reminds me of the story of a small child who asked his father if he had any work that he could do around the place to replenish his finances. His father assured him that he could think of nothing at the time. "Then," suggested the modern child, "how about putting me on relief or unemployment for a few days?"

Here is a little article that I stole from somewhere, but it is so typical of you and me, that I am taking the —Please turn to Page 6

It's a funny thing about September. It's kind of a mean month. Everyone has come back from vacations and with grim determination sent the youngsters off to school. Before you can hardly take a breath the phone sings off the hook just as you are deep in the throes of clearing out a closet you have been trying to get to all summer. "We need you," "Could you possibly," "You've been assigned," "The first meeting will be"—and so on down the line.

It isn't that you aren't willing to serve. It just seems so sudden and so soon. The house needs cleaning up a bit, a little paint, a little wax, a little polish, clothes need to be mended, there's a book or two to be read, and once more, there is no time. Long about October you are back in the saddle and things won't look quite so bad. You will somehow have gotten back into the old routine and life will sail along. You'll learn again to catch the quiet moments on the wing and there is always next summer!

"Be sure to wear your camping clothes" was the advice of the Jim Smiths when they issued invitations to their Friday night party. In their back yard they had recreated a bit of the Salina campsite with the flavor of Mexico for the campers who spent the week down there this year. The only thing lacking was the sound of the surf and that good old black sand. The purpose of the party was to show and exchange snapshots and movies of the trip and to make tentative plans for another season. The campers included Bob and Nancy Mueller, Deber and Andy Whitehead, George and James Holmes, Charles and Chrys Goldsworthy, Alkman and Sallie Armstrong, Cleto and Vera Dorsey, as well as Ernie and myself. Honorary campers were George and Ann Clark up from Bay Shores, Lee and Jeanne Wagner and Al and Margurite Richards (their equipment went camping without them).

Inasmuch as the Cystic Fibrosis Guild dance was one of the highlights of the weekend, I feel fortunate in being able to report on some of the Villa members preparties.

Mr. and Mrs. Charles Hardison of Fairpoint entertained some of the associate members and doctors at a pre-dance cocktail party in their newly finished family room. Their guests were Mr. and Mrs. Marvin Anderson, Mr. and Mrs. Ken Christianson, Mr. and Mrs. Raymond Cox, Mr. and Mrs. Harold Leffingwell, Mr. and Mrs. Richard Perley, Mr. and Mrs. Al Swanson, Dr. and Mrs. Stephen Royce, Dr. and Mrs. Lyle Asay and Mr. and Mrs. John Holloway.

Mr. and Mrs. Don Hays of Villa Heights Road always make the night of this dance the big entertaining night of their year. In addition to pre-dance cocktails, the entire group was invited back to the house for a sumptuous pre-dawn breakfast spread. There were several musicians in the group, so there was no voice that was not raised in song and harmony. Their group included Mr. and Mrs. Alan Boal Jr., Mr. and Mrs. Ray Anderson, Mr. and Mrs. Courtney Crim, Mr. and Mrs. Brooks LaBoyteaux, Dr. and Mrs. Richard Miller, Mr. and Mrs. Mel Knoll, Miss Mary Ann DeWeese, Mr. Chadwick Richey, Mr. and Mrs. David

### Nursery School Dinner-Dance October 13th

Plans are going ahead full steam for the Sierra Madre Community Nursery School dinner-dance, coming up Saturday, October 13.

Planned as a benefit for the school by the ways and means committee, the dinner-dance will be held at the lovely home of Mr. and Mrs. Claude Brown, of 49 W. Orange Grove Ave., who donated their grounds as a contribution to the school. There will be an orchestra to provide dance music, with the social hour beginning at 6:30 p.m. Tickets are available from the school at \$4 per person or \$8 per couple, and all parents, parent alumni, and friends of the nursery school are cordially invited to attend.

Funeral services were held Monday, Sept. 17, 11 a.m. at Ripple Mortuary with Rev. George W. Lindsay of the Congregational Church officiating.

Mrs. Nan L. Piper arrived back here last week from Lawrence, Kans., and is staying with friends in Long Beach.

### Letters to the Editor . . .

I may not believe in what the man says, but I will defend  
to my death his right to say it.—(similar words of Voltaire)

Dear Editor:

The article by Henry Wit-  
ty, entitled "Freedom At  
Any Price," was, I notice,  
devoted largely to suggest-  
ing that the American Civil  
Liberties Union serves the  
Communist cause.

I am sorry that you did  
not check Mr. Witty out on  
some of his allegations. Not  
that any of them are false  
in themselves. Simply that  
they are presented out of  
context.

The Reverend Harry Ward,  
whom Witty connects with  
Roger Baldwin, was in 1940  
obliged to resign from the  
ACLU because of a resolu-  
tion proposed by the same  
Roger Baldwin prohibiting  
participation by Commu-  
nists in the governing  
councils of that body. Seven  
years later Roger Baldwin  
visited Japan at General  
Douglas MacArthur's invita-  
tion as a consultant on civil  
liberties matters. MacAr-  
thur's tribute to Baldwin,  
delivered two years later  
(1949), is a matter of public  
record. So is Eisenhower's  
tribute to the ACLU as a  
whole of April 18, 1960. So,  
to come a bit closer to home,  
is that of the Star-News on  
December 29 of the same  
year.

Witty mentions the Fish  
committee. Congress man  
Hamilton Fish of New York  
was defeated for reelection  
in 1944 after Thomas E.  
Dewey and the entire Re-  
publican organization in  
New York repudiated Mr.  
Fish because of his Nazi  
affiliations. Witty quotes  
the Tenney committee of  
1948. Some at least of your  
readers remember who Ten-  
ney was; and remember,  
too, that the same California  
Senate committee in 1961  
found that while it dis-  
agreed with many of the  
things the ACLU California  
chapters did, "we do not be-  
lieve any of them are so in-  
filtrated by Communists or  
fellow-travelers at the pre-  
sent time as to justify us in  
characterizing any of them  
as a Communist front."

But all this is really be-  
side the point. The American  
Civil Liberties Union exists  
to do in the area of civil  
liberties what Voltaire's  
famous expression attempt-  
ed to claim for the area of

thought and expression.  
Now haven't you recently  
quoted, with pride, that ex-  
pression of Voltaire? Per-  
haps, without realizing it,  
you and the ACLU are  
brothers under the skin.

More power to you both.

—PETER W. FAY

Dear Editor:

continued growth and ex-  
cellent reporting.

### Three Services For Faith Lutheran's Dedication Program September 23

The Sunday dedication  
services for the new church  
sanctuary of Faith Lutheran  
Church, 845 Hastings Ranch  
Drive, will be inaugurated  
at 9:15 a.m., states the Rev.  
Armin Hesse, pastor of the  
congregation.

At that time, the Sunday  
School pupils, Bible class at-  
tendants and other members  
of the parish will gather in  
the outdoor area for the  
dedication of the Patio Wor-  
ship and Fellowship Center.  
This center, located between  
the parish hall and new  
sanctuary, has been made  
possible largely through the  
gifts of the Sunday School  
departments.

The Congregational Ser-  
vice of Dedication is sched-  
uled at 10:30. Members and  
friends of the congregation  
are asked to gather in the  
plaza before the new sanc-  
tuary for the Placement of  
the Dedication Stone, the  
formal Sanctuary Door  
Opening, the Service and  
Rite of Dedication.

Robert Harbur, president  
of the congregation, Ken-  
neth Bock, chairman of the  
building committee, the  
elders and members of the  
building committee, and the  
choir will assist in the  
events of this service. Ken-  
neth Eiken will be the or-  
ganist. For this dedication  
sermon, the pastor has  
chosen the theme: "The  
Church Sanctuary: A House  
of Joy."

The Public Service of  
Dedication will begin at 3  
p.m. Dr. Erwin Kurth, pas-  
tor of Christ Lutheran  
Church in Los Angeles, will  
present the pulpit message  
on "The Dedication of This

Church and Ourselves." The  
choir, under the direction of  
Edgar Plischke, will pre-  
sent the choral call to wor-  
ship, a choral offering and  
meditation, and the choral  
postlude.

### House Guests

At Eppard House  
Mr. and Mrs. Cleo Richard-  
son of Lucerne Valley were  
house guests of Mrs. Esther  
Eppard at her home on 225  
N. Lima St., last week end.  
Mrs. Richardson celebrat-  
ed her birthday, Friday,  
Sept. 14, when several  
friends gathered for an  
evening cook out. Saturday  
evening, the same group en-  
joyed a stage show at the  
Shrine Auditorium in Los  
Angeles.

### Grandson Visits From Nebraska

Mrs. Nellie Holmesley of 25 N. Lima St., had an unusually pleasant surprise last Saturday when her grandson Major James H. Hambrick, stationed at Omaha, Neb., with the Strategic Air Command, arrived in Sierra Madre to spend the weekend.

Major Hambrick was raised by his grandmother from the time he was an infant. Many friends and neighbors will remember the Major when he and Mrs. Holmesley moved to Sierra Madre in 1942. He attended Pasadena Schools and joined the Air Force in the late 40's.

This month Major Hambrick received a certificate attesting to his selection as SAC's pilot of the month by the editors of Combat Crew, Air Base publication, and was given to him by Col. R. Elkins Read Jr., base commander. He was cited for his "skilful handling of his aircraft during an in-flight emergency," when the gear drive of his U-3 broke and he had to land the plane while a passenger held the gear in place with his foot.

MRS. FRED RAY BRADLEY  
... nee Judith Anne Browning

### Browning-Bradley Vows Solemnized At Bethany Church September 1

The wedding of Miss Judith Anne Browning and Fred Ray Bradley was solemnized September 1 at 4 p.m. in Bethany Church, Sierra Madre. Dr. Robert N. Schaper officiated at the ceremony, with Mrs. Robert Schaper as soloist and Mrs. Ernie Richter at the organ.

The bride is the daughter of Mr. and Mrs. Richard E. Browning of Shadow Grove Rd. in Pasadena. The bridegroom is the son of Mrs. Cora Bradley of Lawndale.

The bride was radiant in a ballerina length all lace dress with full skirt and a fitted bodice with a scalloped Sabrina neckline embroidered with sequins and seed pearls. Her waist length veil fell from a pearl coronet with matching mother-of-pearl sequins. She carried a French line cascade of green and white slipper orchids and stephanotis.

The church was decorated with baskets of white gladiolus and large white chrysanthemums with touches of greenery on the caldelabras. The candles were lighted by the bride's brother, James Robert Browning.

Mrs. Richard L. Browning of Hermosa Beach, sister-in-law of the bride, was matron of honor. Miss Kathleen Reinhard of La Canada, cousin of the bride; Mrs. Bruce Brown of Los Angeles, a long-time school friend, and Mrs. George Bradick of Hawthorne were bridesmaids. They wore kelly green silk shantung sheaths with matching veils. The matron of honor carried a French line cascade of white gladiolus with yellow carnation centers and the bridesmaids carried a cascade of yellow gladiolus with yellow centers.

Shelley Davis was sweet as flower girl in a white organza dress trimmed in lace with a sash matching the bridesmaids' dresses. Michael Browning, nephew of the bride, was ring bearer for the double ring ceremony.

Mr. George Bradick served as best man, with Richard Browning and James Browning, brothers of the bride, and Richard Bibee of Hermosa Beach as ushers. Guy Bradick served as a junior usher.

Following the ceremony a reception was held in the lovely garden of the bride's parents. Mrs. Browning received in a blue crepe sheath with a cotton lace jacket and matching veil hat. Mrs. Bradley wore a lavender brocade dress. Their corsages were white orchids. The four-tiered wedding cake was cut on the beautiful ap-

### Twelve Rings Or 1 Answer

The door bell rings. You are busy but you go. It is a neighbor, perhaps a special friend, who is soliciting for her agency. She explains how worthy is the cause, how much good will be done by your gift.

You give her a generous donation and go back to your work with a warm glow in your heart — you have your friend's approval; you have done a good deed. A second ring; another neighbor, perhaps not so well known to you, but a good cause and you give a second donation but with hesitation and not quiet so much as before. A third, a fourth, and now you are not very enthusiastic.

Finally it reaches the twelfth request and by now you are really impatient, perhaps even rude, and say "no" without even listening to the need. Yet this volunteer solicitor is just as sincere and earnest as the first — he or she is giving time, effort, and yes, money to help make YOUR community a better place. And, when you think it over, this cause is as worthy as the first. But you were just tired of all this bell ringing and interruptions of your own tasks. Here is where Community Chest comes to your rescue. All 12 solicitations combined into ONE UNITED drive. You can have that warm glow in your heart without waiting for even one bell ringing. The pre-campaign mailing is bringing a letter and a return envelope for your donation. Put your check in the mail and you will not be solicited in October.

If you did not receive one of the return envelopes, any envelope addressed to Sierra Madre Community Chest, c/o Postmaster Sierra Madre will do. If you give AID please so indicate and return the envelope and so save a volunteer (and yourself) the time loss of a house call.

Remember this drive is for TWELVE agencies and for all year. If you desire you may designate your gift to one or more specific agencies.

### Garden Club Has First Meeting

Las Jardineras Home and Garden Club will gather for their first meeting of the season Tuesday, Sept. 25 at the home of Mrs. John Atkinson, 3795 Shadow Grove. Dessert will be served at 12:30 p.m. by the co-hostesses, Mrs. Charles Coates and Mrs. James Nichols.

Mrs. Joseph Steffens, club president, will preside at the business meeting to follow. Former president of the Lower Hastings Ranch group, Mrs. Ray Lindman, will speak on her recent travels through the middle east. Slides taken by photographer hobbyist Ray Lindman will also be shown.

### RETURNS HOME

Dr. and Mrs. Thomas Ryer Pickren of 171 Ranch Road of Sierra Madre have returned home after vacationing at Waikiki Beach, Hawaii.

Isn't it funny — when the other fellow takes a long time in doing something HE'S SLOW. But on the other hand, when I take a long time in doing something I'M THOROUGH. When the other fellow doesn't do his job he is TOO LAZY, but when I don't do it I'M TOO BUSY. When the other fellow goes ahead and does something without being told HE'S OVERSTEPPING HIS BONDS. But when I go ahead and do something without being told that's INITIATIVE! When the other fellow states his side of the question strongly, HE'S BULLHEADED. But when I state my side of the question firmly I'M JUST BEING FIRM. When the other fellow overlooks some of the rules of etiquette, HE'S RUDE. But when I overlook and skip a few rules I'M ORIGINAL. When the other fellow does something that pleases the boss, HE'S POLISHING THE BRASS. But when I do something that pleases the boss, THAT'S COOPERATION. When the other fellow gets ahead he has all the LUCKY BREAKS. But when I manage to get ahead, Man! HARD WORK DID THAT! — Funny, isn't it — or is it.

In closing the column for this week, I leave you with this one thought: Lots of us folks never recognize opportunity till we see it working for our competitors — See you around I hope, I hope, I hope.

### Wood Family Enjoys Summer Vacation Time

Mr. and Mrs. H. Randolph Wood of 83 E. Grand View report an enjoyable and very interesting summer vacation. They drove up the coast, visiting friends in Portland, Seattle and Victoria.

They boarded the "Prince Rupert" at Vancouver and took the nine-day Inland Passage Cruise to Skagway, Alaska, visiting the ports of St. Rupert, Ketchikan and Juneau.

They enjoyed almost perfect weather, having only several days of fog and rain.

# Sierra-Hastings News

by Joyce Wenger  
SYcamore 8-4777

Concern over increased world tensions did not appreciably dim the local social whirl last week. The Hastings Ranch Cystic Fibrosis Guild and the Shakespeare Juniors are well known for their fabulous party-giving, and both proved it again last week.

A giant full moon shone down on some 550 guests at the CF Guild dinner-dance Saturday evening in the beautiful gardens of the Stuart building. Members of the Las Seguitas Workshop should take a bow — they provided the large wrought iron street lamp centerpiece at each table. This annual benefit seems to set the pace for the season, fashion wise.

Guild founder, Mrs. Charles Hardison, and party chairman, Mrs. Matthew Slavin wore shimmering metallic brocades, and Mrs. Slavin's right arm, Mrs. Forest Paxson chose cerise lace. Vivacious Grace Rosic, in black fringe sheath, told friends of her upcoming move to Tennessee. Grace, a dedicated CF worker was chairman of the party last year, and will be missed!

Belle Patch (lovely in Italian canary chiffon sheath) conducted the champagne contest. Joan Cross won the bottle wrapped with a one hundred dollar bill.

Sharing a table and looking particularly pretty after their trip to Hawaii together last month were Gail Clement (green print on white) and Kay Pulsifer (blue chiffon).

But sporting the most recently acquired Hawaiian sunbats at the party were Connie and Ed Messinger. They returned from those paradise islands of the Pacific just in time to bid good friends, Jan and Frank Crowhurst, Aloha. The Crowhursts left by jet on Monday.

To wind up fashion notes on the Guild party — Penny Carley looked radiant in Kelly green, as did Ann McKnight in turquoise chiffon. There were gorgeous jeweled sweaters by the score. Perhaps the most elegant was Barbara Kern's white pearl encrusted sweater, sent by her mother from Hong Kong. There were many, many more, (including the lady in sparkling silver sequined sheath, whose name I didn't catch), and the gentlemen — well they all looked especially handsome!

Snakespeare Jr. went all out on their membership party at Patty Meskell's home on Michillinda last week. An adorable "kiddie-land garden party" theme was played to the hilt. Jane Altmayer designed an elaborate gingerbread house brochure containing orientation information for new members. Prospective provisionals from our area included Jane Asher, Kathy Gleason, Rosemary Plamon.

does.

Guests were Mrs. Douglas Moline, Mrs. Jack Hart, Mrs. Mayne Hart, the future bridegroom's mother, aunt, and grandmother, respect-Seaman, Mrs. Gladys Jackson, Miss Grace de Lemos, the future bride's mother, grandmother, great-aunt, and two aunts, Mrs. Don Jackson and Mrs. George Tyler.

Others invited were Mmes. Maureen Mitchell, Ruth Smith, Vera Puriton, George Kirby, Florence Robinson, Mabel Hannaford, Jeanne Fredericks, Melinda Smith, Coralene Skieith, Susie McDougal and the Misses Sue Toms, Mary Brenner, Kathy Galbraith, Laurie Young and hostesses Sandra Cowan, Nan Tyler, Pat and Marge Cowan.

## Bridal Shower Given Donna Seamon Thursday Evening In Arcadia

Miss Donna Lynette Seamon, daughter of Mr. and Mrs. Lyle Seamon Jr. of Sierra Madre, who will be married next month to Gary Douglas Moline, son of Mr. and Mrs. Douglas F. Moline of Arcadia, was honored at a beautifully appointed bridal shower Thursday evening, Sept. 13, at the home of Miss Sandra Cowen, 605 Arbolada Dr., Arcadia.

Miss Cowan and the future bride's cousin, Miss Nan Tyler, were co-hostesses.

A white and pink color scheme was used with handsome white stocks and carnations arranged on the serving table, centered with a beautiful cake.

Gifts were presented on a table that held a dainty white umbrella covered with tiny wedding bells and

WHAT WILL  
HER LIFE BE LIKE  
IN THE  
ALL-ELECTRIC  
FUTURE?

Before her 10th birthday, she'll probably push a button and see a complete meal arrive automatically at the table. By the time she's married, an electromagnetic housekeeper will awaken her, prepare the toast and coffee, open the garage door and warm up the car. These new ideas in modern living depend on electricity.

The electric industry continues to lead in the research to find new ways to produce and use electricity. And logically so. Electricity is our business.

We have already produced it a number of new and different ways, involving the use of fuel cells, nuclear energy, thermionic conversion and magnetohydrodynamics. Whatever the source, electrical energy is limitless, and Southern California Edison will continue to bring you an abundant, dependable supply at the lowest possible rates.

Sgt. Henry (Hank) Shippey is peeved. The Ranger Battalion of which he is a member was the first contingent of American soldiers to land on Sicily and expected to go right on up through Italy to Berlin. But a letter to his parents, Mr. and Mrs. Lee Shippey received yesterday expresses keen disappointment over the fact that his outfit is still in Sicily fighting fleas and mosquitos. Hank has been hospitalized but explained that there was nothing seriously wrong with him.

Hermit of The  
Sierra Madre

By Don Murray

"Oh, Lord, how long? How long must proud Americans who lived in the days of The Great White Fleet—suffer the ignominy and humiliation brought down upon us by this great White House talker!"

The Hermit's eyes remained fixed to the skies in tortured supplication. I thought to myself: That's the way Job must have looked while crying out to Heaven for relief."

The old man's eyes came down to mine. Momentarily, the fire was gone out of them. His voice was like a low sigh from the tall pine that sentinels his cave. "Tell me, son, is this frivolous, frolicking Hyannis-sporter the same serious, fearless New Frontiersman who was passionately demanding the chance to seize America's sagging, pendant prestige and uplift it? First, he faints and falls backwards at the Bay of Pigs. Next he's lousing us up at Laos. Then when Krushchev and Ubricht erect the Wall of Shame—he sends over brother Bobby and traveling salesman Johnson to reassure the Berliners that we know it's there. And now this newest fiasco in Cuba. Does he think that when Monroe was lowered into the sacred soil of these United States he took the Doctrine with him? How long is he going to face that other Teddy—that other Roosevelt—when he reaches that far country?"

God, what a contrast! The Rough Rider charging up San Juan to free the enslaved Cubans and shag the last European oppressor out of this hemisphere—the Surf Rider charging off our right to repel these invading European-Asiatic oppressors because he has uncovered the saving fact that they are not wearing the official regulation Russian soldier uniform they would have to be wearing to build missile bases 90 miles from our shores."

"You are being unfair to Jack," I accused. "Jack has reacted swiftly."

"Oh?" brightened the Hermit. "What—?"

"We have sent a somewhat stiff note to the British accusing them of shipping oil to Cuba."

"Well, now," beamed the Hermit with restored pride. "That's more like the old Jack."

Freedom At Any Price

by Henry V. Witty

"American students at Lenin University, I welcome your attendance to these classes on psychopolitics."

A psychopolitician must work hard to produce the maximum chaos in the fields of mental healing . . . until only communist oriented healing remains. We must work until every teacher of psychology knowingly or unknowingly teaches only communist doctrine under the guise of psychology. He must labor until every doctor or psychiatrist is a psychopolitician or an unwitting assistant to our aims. He must labor until we have dominion over the minds and bodies of every important person in your nation . . . Psychopolitics is a solemn charge. With it we can erase our enemies as insects." These words were spoken in 1936 by Laurenti P. Beria, former head of the Soviet Secret Police.

A little over twenty years later the following question was being asked American students:

"How much money would you want to — spit on the crucifix? eat a pound of human flesh? desecrate a church service?"

No, these were not American students attending Lenin University; these were American students attending Ganesha High School in Pomona, Calif. It was a part of the State of California approved questionnaire, "The Measurement of Wants."

Quoting the Report on the Joint Interim Committee on the Public Education System published by the Senate of the State of California, 1961: "Examples from 'Moral Value Inventory' tests (Available in the Kern County Union High School and Junior College district)

"15. Which is worse?  
1. spitting on the Bible  
2. spitting on the American Flag  
"22. Which is more important?  
1. taking the oath of Allegiance to the U.S.  
2. joining a church  
"41. Which is worse?  
1. Denying the existence of God  
2. Laughing while the Star Spangled Banner is being played."

"These questions are impossible to answer. The child would be required to choose between his faith in God or religion and his loyalty to this country." Some further questions quoted from the same source, which undermine America and our way of life by suggesting alternatives are:

"20. Which day is more important?  
1. Independence Day  
2. United Nations Day  
"33. Which day is more important?  
1. Flag Day  
2. United Nations Day  
"47. The House Un-American Activities Committee has:  
1. unjustly destroyed the reputations of a large number of people  
2. been a badly needed barrier against the infiltration of communists into our government and society.  
"66. It would be better to avoid war  
1. by relinquishing some of our national sovereignty  
2. by remaining eighty

2. by remaining so strong that no one dare to fight us." Continuing to quote the official report of the Joint Interim Committee on the Public Education System, page 68:

"This Commission has found considerable evidence that the State Department of Education is deliberately flouting the laws of this State."

"This Commission has found that additional funds will not solve the problems in California. 'This Commission has found the State Department of Education in its philosophy of 'Progressive Education,' is using all the children of this State as guinea pigs."

"This Commission views with alarm the mushrooming bureaucracy of the State Dept. of Education."

"We know that anyone reading this report will be horrified and ashamed of the existing conditions and will back the Legislature in making the necessary changes."

How can the Communists gain "dominion over the minds and bodies of every important person in our nation?" The answer is simple — change psychologists to psycho-politicians and "teach Communist doctrine under the guise of psychology." Who are the easiest individuals to influence? The children of today who will be the "important" people of tomorrow.

The educational psychologists responsible for the above quoted questions are still employed by the State Dept. of Education for the purpose of composing tests and questionnaires to be given to our children.

More of Shippey beauties have been protected, beginning long ago with control of billboards. Incidentally, I cannot recall news of any such disastrous earth slippages, highway accidents and flood or fire damage in settled communities in Santa Barbara County as have been all too dangerous in even such exclusive areas as Bel-Air, Palos Verdes and La Jolla.

I'm losing enthusiasm for football, not only because of my own advancing age but because it seems more and more to be a contest of weight and muscle. Other day the coach of what always heretofore has been regarded as a minor league college team announced that this year his line would average at least 220 pounds and his team as a whole well over 200. I can remember when the biggest university teams in the land averaged less than 200 pounds and Eckersall, weighing about 150, was greatest of all the stars . . . In those days the game was far less dangerous — when two behemoths collide something is likely to break. But the boys played their hearts out, for they played for the honor of either their state university or the school dear old Dad had loved. Today the average huge or talented high school player waits for the highest bidder and goes to the school which secretly pays best. Just a commercial deal in which many become heroes for revenue only.

Still I get thrilled by college football, just as I am by professional baseball. And I must agree that football puts many a youth through college who never could have made it on scholarship alone.

Lost In the Shuffle

Republicans, at their annual state convention and State Central-Committee meeting, adopted a strong resolution denouncing Communism.

Two weeks later it was the Democrats' turn. At their annual Sacramento gathering on August 25-26 a resolution aimed at denying Communists "membership within any official or semi-official branches of the Democratic Party" was introduced under the auspices of party boss, Assembly Speaker Jesse Unruh. But it never was enacted.

Does this mean that the majority of Democrats are any less aware of the Red menace than the majority of Republicans? Hardly.

What it does mean is that the Democrats have gotten themselves fouled up in a curious trap of their own contriving.

Many sincere liberals in the Democratic party have been unfairly accused over the years of being soft on Communism because of their ardent defense of freedom of speech. No freedoms are absolute, because all freedoms tend to impinge one upon another, and balance has to be achieved in any orderly society. In their devotion to the abstract cause of absolute freedom of speech, liberals have tended to forget that freedom can be abused, eg., the familiar example of crying "fire" in a crowded theater. That forgetfulness has sometimes placed them in an indefensible position.

When the right-wing John Birch Society burst into the news, liberals jumped with joy over some of the more odious statements of its founder and proceeded to equate it with the Communist party.

The only trouble is that the Birch Society doesn't equate with the Communist party. Civil liberties for Communists have been curtailed in this country because they are agents of a foreign power and are pledged to overthrow the government by force. The right-wing extremism of the Birch Society equates with the left-wing extremism of organizations such as the American Civil Liberties Union and the Americans for Democratic Action, both of which have long been favorably regarded in liberal Democratic circles.

The anti-Communist resolution introduced at the Democratic State convention failed to pass because of its wording, which pledged "to take all legal steps to deny membership in any of the official or semi-official branches of the Democrat Party to members of any totalitarian organizations . . ."

The phrasing was intended as a pot shot at the Birch Society, which is accused of being a totalitarian organization because its membership is secret. But the same terminology would apply to the Civil Liberties Union and the Americans for Democratic Action, neither of which opens its membership rolls for public inspection.

Rightly, the resolution was defeated because of concern by key Democratic leaders that its adoption could lead to party boss control through the power to purge the membership rolls of Democratic clubs.

But the cause of anti-Communism got lost in the shuffle.

This Is Constitution Month  
Spirit of Freedom

To the Observance of Constitution Day (September 17)  
Sound a watchword through the Nation  
And a marching song for men  
That shall ring o'er plain and valley,  
—Over mountain, wood and glen:

By the spirit of our fathers and a heritage to save,  
We'll rally to their Cause again and guard the Land they gave!

'Tis a Cause their blood made holy,  
'Twas a Faith that made us free;  
With a hope for every nation,  
And a Call for You and Me:—  
By the spirit of our fathers and a heritage to save,  
We'll rally ever to their Cause, and keep the Land they gave.

Sires of seventy-six are calling,  
And their sons again respond;  
For they know their, too, must answer  
To the years that lie beyond.  
They must face, with sterner vision, foes without and  
foes within,  
In a world-wide war for Freedom with the fathers' will  
to win.

Still the sun is in the heavens,  
And the stars gleam in the sky;  
Freemen's blood yet leaps triumphant;  
God and Freedom do not die.  
By the spirit of our fathers and a heritage to save,  
We'll rally ever to their Cause and keep the Land they gave.

—RAY B. PEACE.

Note: This patriotic song, in the tradition of "Old Ironsides," is on the program commemorating the Founding of the American Government. This program, under the auspices of Masonic Lodges of this entire district, is part of a state-wide movement; and will be given at the Monrovia High School Auditorium on the evening of September 26th.

## Methodist Notes

The congregation will meet for the last time as a single group for worship, this Sunday morning at 9:30. On Sept. 30th will begin the double schedule of worship services — 9:30 and 11.

Dr. Frank Williams, the new District Superintendent, and an old friend of the congregation, will preach. Rev. Swengel will assist him in the worship. It was Dr. Williams' initiative, ten years ago, which led to the assignment of the present church site through "Comity" to the building of a Methodist Church. He has been an outstanding leader in the church expansion program in Southern California.

Rev. and Mrs. Clinton Swengel are attending a District "retreat" Tuesday and Wednesday of this week at Sky Meadows near Big Bear Lake.

## "I'm in the phone book"

A familiar phrase which assures your business associates and friends that they can contact you quickly and accurately by telephone.

Businessmen know the value of personal listings. And, with many companies, it's an established practice to list the names of key personnel below the firm's name and telephone number. It's a modern, courteous way to do business.

Personal listings for members of the family are increasingly popular, too, especially with busy high school or college youngsters.

# Weekly Letters to the Sierra Madre News Editor . . .

12-SIERRA MADRE NEWS Thursday, Sept. 20, 1962

Dear Editor:  
I find it impossible to sit by and not respond to the letter printed in the News of September 6, for it indicates how "conditioned" the American people are to the propaganda in our newspapers, magazines, on radio and TV.

A couple of years ago if a businessman or homeowner displayed his American flag daily, he was considered a "nut." Today, these same patriotic Americans are considered materialistic if they have a desire to show openly their patriotism. Can we EVER have too many flags flying?

However, my main reason for responding is to ask why Americans should give \$1,000 to CARE and Radio Free Europe to fight Communism? Is it because they hear "public service" spot announcements on their radios or see an emotional plea for funds in a magazine or on TV? I am afraid it is.

A close look at the documentation on CARE shows that it is part of the "world cooperative movement," an important cog in the machinery working toward one-world government. If this means little to the reader, please obtain a copy of the U.S. Senate hearings of March 4, 1958, the booklet entitled, "The United States As a Satellite Nation . . . Under Which Flag?"; and "Collectivism In The Churches," by Bundy. Murray D. Lincoln, chairman of the board of CARE has also been a vice president (along with A. Shokholov of the USSR) of the International Cooperative Alliance for at least 12 years.

As for Radio Free Europe, I should like to quote from a recent issue of "Truth Forum," Post Office Box 51-M, Pasadena, California: "In the city of Munich, Germany, are the principal studios and headquarters of Radio Free Europe. Its front in the United States is known as Crusade For Freedom. Many newspaper editors as well as radio and TV stations in America are so naive as to lend their facilities (mostly for free) to these twin frauds that are publicized as combatting Communism in Europe."

"It is generally known here and in all West Germany that RFE is primarily engaged in furthering the 'Tito' line of Communism and a similar brand of the same ideology which was imposed on Czechoslovakia when Stalin's puppet Edward Benes returned there in May 1945."

"An official statement of RFE, before me at the moment, says RFE is an independent, private operation supported by the American people through voluntary contributions to Crusade For Freedom. That is a palpable and blatant falsehood as revealed on page two of this same official RFE release which states that 'Crusade For Freedom help support Radio Free Europe.' However, it is quite true that Americans do support RFE with their contributions, for some extreme liberals in the United States, many of alien origin, reduce their income tax by making donations to RFE, such contributions being tax deductible. It is true that most of the millions for this Communist-aided operation come from the taxpayers in the USA. The funds are supplied through the 'hush-hush' agencies of our State Department which subsidizes this fraudulent operation."

"For years it has been the haven and financial support for scores of Communists and fellow travelers, particularly those from Czechoslovakia and Hungary. The first chief of the Hungarian desk at RFE was Count Desseffy, well known leftist and former member of the Communist underground organization in Budapest, furthering Soviet aims during World War II and afterwards. His successor, Andrew Gellert, had been associated with a man named Himmler in Austria, who hunted down and actually sold important Hungarians to the Red regime in Hungary after he personally confiscated all their property in Austria or Germany. Although born in Hungary, Himmler was not Hungarian and had been expelled from all the schools there on moral charges. Nice background for the chief of the Hungarian desk at RFE."

"Two other Hungarians at RFE were Bela Horvath and Irma Vamos. They had two assistants named Kiraly and Molnar. During the Hungarian revolution of 1956 these four writers of scripts for RFE were the faithful men of William Griffith, at that time the American political advisor at RFE. Because of the scandal that arose over the leading broadcast to the Hungarian freedom fighters, resulting in the death of many thousands, Horvath, Vamos and the other two were fired from RFE. The wife of Vamos was and still is working as a secretary at RFE. Both Vamos and Horvath went to Budapest. It is reported here that they were cordially received by the Communist regime in Hungary and thanked for their aid to the Communist cause while they were at RFE."

"Very recently several more Czechs who were at RFE defected to Prague after having carried out their assignments for the Communist regime in Czechoslovakia. In the past ten years more than a score of such pro-Communists have defected from RFE to Prague. The present chief of the Czech desk at RFE is Milos Vanek whose Communist background is well known here and in the United States. Several Czechs in the USA have told me of their intimate knowledge concerning Vanek's Red relations. The powerful leftist influences in New York that are affiliated with Crusade For Freedom and Radio Free Europe see to it that such as Vanek remain at RFE."

"And this is the outfit the American people are asked to support with their 'Truth Dollars.' Nice way to combat Communism."

In closing I should like to commend our patriotic editor for his support of the

Flagpole Fund; for his truthful reporting; and for his accepting the outstanding weekly column Freedom At Any Price by H. V. Witty. The salvation of America lies in our protecting and supporting independent newspapers such as the News. By looking at the record, they try to free our minds of the emotional hogwash that goes for truth these days through the national news media.

Dear Editor:  
We want to thank you and your fine young reporter Steve for the fine understanding covering and we hope and know it will help you and your newspaper sales too.

Our opening of the Art Hassen show was a huge success and was overwhelmingly accepted as the greatest show anyone has seen. An estimate of 2000 people were here Friday night for the reception, all enjoying the show immensely.

The flute concert was delightful and the large audience enjoyed it and Mr. Hassen's own composition and his own poems as well as a recitation of "To Be or Not To Be" from Hamlet — and "How Sweet the Moonlight Sleeps Upon This Boule" which is from the part of Lorenzo in the Merchant of Venice.

Mr. Hassen played both behind the scenes and in an actual personal concert.

He also sang an aria from "La Traviata" and "On The Time of Roses" and "The Surrey With the Fringe On Top."

Mr. Hassen is also under consideration for the Peabody, Ford Foundation

award in conducting and is being considered for the part of the Prince in a version of Cinderella.

He has also been approached by very high sources as a candidate for the Presidency of the United States.

His exhibition continues through to September 29 and the fine response prompts the continuation of flute concert Friday night.

Dear Editor:  
Would you please try to get this message through to Mrs. Virginia Lund?

"Dear Pot: You're black, too. (Signed) Kettle." —LUCILE S. EATON

Dear Editor:  
Regarding the column by Lee Shippey, in your September 6th issue titled "Drug Profit." Obviously, Mr. Shippey has done very little investigation on the subject.

First, let's take the amendment to the food and drug bill which Senator Kefauver fought for—to limit drug profit of patented drugs to 500%. We are not talking about retail markup of a finished product. A pound of steel costs about 5 cents—yet a pound of watch springs made from that steel is worth more than 25 cents.

When a large drug manufacturer invests millions of dollars in research and development of a new drug—it is hard to put a definite markup on the drug. There are many thousands of new drugs that never reach the public because advance research proves them to be of little therapeutic value or

too toxic. Who is to pay for the vast sums used in these efforts by private enterprise? When a company comes up with a new drug that might cure the sick—are they not entitled to the patent laws of our free economy? Would it be right for their competitors to market the drug without the costs of research? They could surely do it at a fractional markup. In Russia—there is no profit on drugs—there are no patent laws—there are no new drugs.

Russia, or any other Communist country, has not come up with one new drug in the last 25 years—they just copy ours.

New drugs have lengthened our life expectancy by many years and cure many diseases in very short time, for which, not too many years ago, involved long periods of suffering, hospitalization and or death. THE MOST EXPENSIVE DRUG IS THE ONE THAT IS NOT AVAILABLE WHEN NEEDED to cure a particular illness.

When the government reaches the point where it tells a private business—whether it be drug manufacturer or watch main spring manufacturer—how to figure its profit or how much profit it can make—you no longer have free enterprise. Mr. Shippey, you have dictatorship or Communism.

Regarding the drug Thallidomide, there was never one tablet dispensed from a pharmacy to the public. It was part of an American drug company research program to clinically prove the safety and value of this German drug in this country in order to bear out the

Dear Editor:

The lucrative soil bank plan has made farmers out of municipalities, airports, prisons and religious organizations. Subsidy crops thrive in any kind of soil. They are immune to drought, pests or labor expended by alleged farmers.

An eastern railroad was offered soil bank payments on a Michigan farm purchased for industrial sites. The offer was indignantly refused.

The soil bank gravy train rolls everywhere except on rails. Here mid-Victorian self-reliance still prevails. For this, the railroads are ridiculed as "absolutely primitive" by beneficiaries of tax-built airports, tax-provided air traffic control, and air mail subsidies.

Very respectfully,
